Nature Club!

An exciting new after-school, outdoor recreation experience for school-aged children in Wolseley!

Nature Club will run on all Laura Secord instructional days.

Nature Club will be a group of 12 to 15 children that will meet daily (Monday to Friday), at 3:30pm, at Laura Secord School. We will get dressed and head out together to explore the neighbourhood. Minimum 1:6 ratio with our experienced, skilled and certified staff.

Snack will be provided along the way as we learn, play, and discover all the great natural areas Wolseley has to offer!

The program will provide pick up between 5:15 and 5:30 pm* at the Momenta office, 984 Portage avenue (entrance on Aubrey).

*Due to the nature of the program, which focuses on child-centred outdoor exploration, there will be no consistent site or route that we follow, for this reason we stress that children be picked up **ONLY** at the Momenta office (984 Portage) between 5:15-5:30pm.

Pre-registration is required with annual commitment.

The cost will be \$12 for each child, per day (approx. \$240/month).

Nature Club members will be invited to register for Momenta Foresthood day camps during **Laura Secord School inservices**. These are held at Camp Manitou.

Transportation from Wolseley is available if requested.

For other Momenta Foresthood opportunities please check out this link...
